REPUBLIC OF SOUTH AFRICA**

**DATE: THURSDAY, 02 MAY 2019**

**TO : ALL JOURNALISTS AND EDITORS**

**CREATING AN ENABLING ENVIRONMENT FOR YOUTH ENTREPRENEURSHIP THROUGH  
INCUBATION**

Minister of Small Business Development, Ms Lindiwe Zulu in collaboration with Seda and South African Business and Technology Incubation Association (SABTIA) will host a Youth Dialogue on “Igniting Growth and Access to Markets in Business Incubation” at 22 on Sloane in Bryanston on 03 May 2019.

Incubation and acceleration programmes have been proven world-wide to assist start-ups and small enterprises to establish themselves particularly in the first few years of starting out. The dialogue is a platform to bring together government, industry experts and the youth to reflect on incubation, the challenges and innovative solutions that are available to them.

The dialogue is part of President Cyril Ramaphosa’s call for all citizens to share in the responsibility to build a small business support ecosystem that assists, nourishes and promotes entrepreneurship.

Members of the media are invited as follows:
